Each season has famous clubs and teams, for example, with the participation of players from Madrid Real, Atlético Madrid, Barcelona, Athletic Bilbao, Valencia, etc: Lionel Messi, Cristiano Ronaldo, Luis Alberto Suarez, Basquette, ... what are you a football lover? So now join football boss Laliga 2019. You don't need to wait for the annual season to compete as a professional player. Soccer boss Lolita 2020 is a fun football game. Unlike Dream League Football League 2019, you won't need to build a team and monitor the squad during the competition. In top football, you will play as a single player, and play 1–1 with one player from another team. There are no tactical elements like Squadron training or training players in top football. Your mission is only to beat the opponents goals and score to win. Specifically, in every game, you'll defend the round frame on the left, and the opponent will defend the round frame on the right. Within a minute, the team with more goals will win the final. The system provides you with an intuitive control interface, including skills skills like two left buttons, right buttons, and head hits to move you. You need to use these skills flexibly, create a kaboo that will stop the opponent from reacting, and eventually put the ball to the opponent's goal. Besides general skills, each player has a unique skill. That skill can make the

opponents capable of advancing for a short period of time, or allow the player to finish high speed, high accuracy. In the process of competition, the affinity point will increase continuously. But when the bar is full, you click the Flame icon to use special skills. Player System:- Head Football offers hundreds of players such as Messiah, Ronaldo, Suarez, R.Net, Campana, Granell,... and more. When you play for the first time, the system offers you a set of number of players. And when you experience long hours, you can unlock more players using gold to buy or full special missions. Each player has their own characteristics, which reflect their ability to play the ball: speed, jump, shoot, sprint, and power up. The more features a player makes, the easier it is for you to score your opponent. After each upgrade, the character will be rewarded with stars to level up. However, each hike will cost you some money. For example, the first time you upgrade your speed indicator, you will lose \$200, the second is \$300, and the third is \$800, and the next upgrade will continue to increase. In addition to the winning bonus, you can also earn money in a few other ways, such as on duty, or watch promotional videos. Temporary end:- Not only soccer heads have exciting gameplay, but players are also designed in a drawing style, which seems a lot of fun. Head Football will give you fun times, eliminating boring times.
